

COMPANY'S PROFILE

THE COMPANY was incorporated under the name of Speed-Kon Sdn Bhd in August 1982, before changing its name to Concrete Engineering Products Sdn Bhd in January 1983. Its main objective is to produce high quality concrete engineering products to meet the needs of the rapidly developing Malaysia and other ASEAN countries.

In May 1991, the Company assumed the name of Concrete Engineering Products Berhad ("CEPCO") when it was converted into a public listed company. In January 1992, CEPCO was officially listed on the Kuala Lumpur Stock Exchange (now known as Bursa Malaysia) Second Board and was transferred to the Main Board in 2009.

The Company have five factories which are strategically located in Peninsular Malaysia and also has sales office at Kuching, Sarawak. All factories are fully certified with both the requirements of SIRIM QAS International's MS ISO 9001: 2015 (Quality Management Systems for the Manufacture of Pretensioned Spun Concrete Piles and Poles), and IKRAM QA Services' MS 1314: Part 4: 2004 (Product Certification for Class A, B and C of Precast Pretensioned Spun Concrete Piles from 250mm to 1,000mm diameters).

In September 2021, to enhance the environmental, health and safety performance; the Company have been certified by ISO 14001: 2015 (Environment Management System) and ISO 45001:2018 (Occupational Health and Safety Management Systems). The said ISOs are intended to manage

the Company's environmental, health and safety responsibilities in a systematic manner that contributes to the environmental, health and safety pillar of sustainability.

Since its founding, the Company has been constantly striving for product excellence and today enjoys the reputation of being one of the market leaders in this region for prestressed concrete piles and poles. The Company currently exports its products to the overseas markets covering Asia, Africa, the Oceania and Gulf Region.

In January 2019, the Company has earned a spot in the Malaysia Book of Records for completing the longest prestressed spun concrete pile which has a total of 50 metres in length.

In February 2022, the Company has been awarded as Excellent Supplier of the East Coast Rail Link Project for Year 2021 by China Communications Construction (ECRL) Sdn. Bhd. for the Company's excellent performance and great support on the supply work.
